

Parallel Route E: Gravelly Hill to Erdington Birmingham Cycle Revolution

Parallel Route E: Gravelly Hill to Erdington

This route connects Erdington with Salford Circus with signed connections to Gravelly Hill and Erdington railway stations. The route is mainly on-road with short sections of service road used on Kingsbury Road and Wheelwright Road.

Parallel routes provide an alternative to busy 'A' and 'B' roads. They will generally be identified by directional signing and cycle markings on the road. Existing white lining will be repainted where it provides a benefit to cyclists. Where more specific measures are proposed this will be indicated on this map by a yellow box which directs you to a more detailed plan in this pack.

Specific measures could include marked cycle lanes, shared pavements for pedestrians and cyclists, improvements to side road junctions, new and upgraded signalised crossings where routes cross main roads, and measures to reduce vehicle speeds (including traffic calming features) in some places.
