Parallel Route F: City Centre (Lancaster Circus) to Nechells

Birmingham Cycle Revolution

Parallel Route F: City Centre (Lancaster Circus) to Nechells
 This route connects Nechells at the junction of Lichfield Road with Cuckoo Road to the city centre with signed connections to Star City, Vauxhall, Millennium Point and Aston University. The route is on-road except for the footways alongside Cuckoo Road which are shared to provide a link to the Birmingham and Fazeley canal route from the bridge. Advisory cycle lanes are proposed for Rupert Street and a section of Lister Street.

Parallel routes provide an alternative to busy 'A' and 'B' roads. They will generally be identified by directional signing and cycle markings on the road. Existing white lining will be repainted where it provides a benefit to cyclists. Where more specific measures are proposed this will be indicated on this map by a yellow box which directs you to a more a detailed plan in this pack.

Specific measures could include marked cycle lanes, shared pavements for pedestrians and cyclists, improvements to side road junctions, new and upgraded signalised crossings where routes cross main roads, and measures to reduce vehicle speeds (including traffic calming features) in some places.
