A: Perry Hall Park to City Centre (Gun Quarter)

The route connects Perry Barr with the city centre via Birchfield, Lozells and Newtown with signed connections to Perry Barr railway station, Witton and New Town Row. In addition to Perry Hall Park (where the route links with the Tame Way green route), the route includes links to green spaces at Handsworth Park and Handsworth Wood, and an existing pedestrian crossing facilitates access to Perry Park.

The route is mainly on-road with some shared footway provision around the Perry Barr Greyhound Stadium to avoid cyclists having to use Walsall Road and Aldridge Road.

Parallel routes provide an alternative to busy 'A' and 'B' roads. They will generally be identified by directional signing and cycle markings on the road. Existing white lining will be repainted where it provides a benefit to cyclists. Where more specific measures are proposed this will be indicated on this map by a yellow box which directs you to a more detailed plan in this pack.

Specific measures could include marked cycle lanes, shared pavements for pedestrians and cyclists, improvements to side road junctions, new and upgraded signalised crossings where routes cross main roads, and measures to reduce vehicle speeds (including traffic calming features) in some places.
