

# Bellfield Junior School

## Proposal to: Establish Special Resource Provision (Resource Base)

June 2025

## Introduction

Birmingham City Council (the Council), as the Local Authority for Birmingham is consulting on proposed changes to Bellfield Junior School (the School). This document describes what is being proposed and why.

## School Information

<b>Type:</b>	Community school		
<b>Name:</b>	Bellfield Junior School	<b>DFE:</b>	330/2241
<b>Address:</b>	Vineyard Road, Northfield, Birmingham B31 1PT		
<b>Ward:</b>	Allens Cross	<b>Constituency:</b>	Northfield
<b>Age Range:</b>	7 – 11 years	<b>Sixth Form:</b>	No
<b>Gender:</b>	Mixed	<b>Capacity:</b>	240
<b>Last Ofsted:</b>	June 2022	<b>Ofsted Rating</b>	Good

## What changes are proposed?

The Council is proposing to carry out the following change to the School:

- Establish a SEN provision by creating a SEN “Resource Base” for up to 12 pupils with an Education, Health and Care Plan (EHCP) for children with Autistic Spectrum Disorder (ASD)
- Implementation on 1<sup>st</sup> January 2026

## Why do we want to do this?

### Background:

The School is a mainstream community school rated ‘Good’ by Ofsted. The School has a capacity of 240 pupils.

### Why has this school been chosen / identified?

The School currently offers additional support to pupils which have an Education Health and Care Plan (EHCP) for Autistic Spectrum Disorder (ASD). The School does not currently have a formalised Resource Base. In collaboration with the Council, it is proposed that the School establish a SEN resource base. Due to the steadily growing demand in Birmingham, this change would help to provide places for pupils with an EHCP for ASD and help the Council and the School in their strategic aims.

### Evidence of Demand:

There is a significant need for more school places in Birmingham for children with EHCPs, both in special schools and resource bases in mainstream schools. In the last four years the Council has increased the total number of special school places available to pupils with EHCPs by 10%. There has been an increase in the number of pupils with EHCPs in Birmingham, by over 800 in the last two years. There is also an increase in requests for statutory assessments which may lead to EHCPs; these requests are currently averaging 150 each month.

**When will these changes happen?**

Following this consultation period, if the proposal is approved by the decision maker, the changes will be implemented from **1<sup>st</sup> January 2026**.

**Will there be any effect on other schools, academies and educational institutions within the area?**

There should be no negative effects on other special or mainstream schools, as the Resource Base will offer specialist city wide provision for which there is a need. There is currently a shortage of ASD places and no indication that other schools offering this type of provision will be negatively affected. Any impact on other schools should be positive as this proposal creates places for pupils with ASD needs and so releases places at other schools to meet the needs of other pupils.

**How will the proposal increase educational standards and parental choice?**

The Council is keen to ensure that future places are provided in the areas that they are needed, helping children to attend a school nearer to home and as part of their local community. The proposed 12 place Resource Base will increase the number of primary places at an 'Good' school for pupils requiring ASD provision and provide greater choice for parents.

**How will this affect pupils at the school?**

Current pupils may notice the small increase to the total number of pupils at the School. This change would not affect the admission arrangements, admission number or process for mainstream pupils. The 12 Resource Base places would be reserved for pupils with an EHCP for ASD needs with places being commissioned and offered through the Council's Special Education Needs Assessment and Review service (SENAR). The intention is that 12 pupils would benefit from the Resource Base from 1<sup>st</sup> January 2026.

**How will this affect staff?**

Generally, staff will be unaffected and may experience more opportunities for professional development. If this proposal is approved, any impact on terms and conditions would be with full consultation with Trade Unions / Professional Associations.

**Travel and Transport:**

The impact on transport and travel will be minimal. The school will continue to update their travel plan, as and when required. The Local Authority transport arrangements for children with special needs will apply (Birmingham City Council's Children and Young Persons Travel Service).

**Will there be changes to the school building?**

No, the school have identified existing space in the school that would be used for this specialist provision.

**What are the project costs for this proposal and how is it funded?**

There is no specific capital project associated with this proposal as the area to be used has previously been refurbished for another use. The ongoing maintenance of the Resource Base will be the responsibility of the school and funded via the school's delegated budget. The School will receive regular funding from the Council's High Needs Block budget for resourcing the specialist provision.

**Will this definitely happen?**

There is a statutory process we must follow to make these sorts of changes to schools. Following this statutory consultation, the proposal will be presented to the Council's Cabinet Member for Children, Young People and Families; they are the decision maker for this type of proposal.

It is only after a decision that we will be able to say with certainty if the proposal will be implemented or not. The decision will be published on the consultation website below (BeHeard) and stakeholders will be notified.

**What will happen if this proposal is rejected?**

The School will continue to offer additional support to its pupils with ASD and would consider ways to ensure a stable and sustainable future for this provision. This would also mean that the Council would need to identify alternative / additional places for pupils elsewhere that have an EHCP for ASD provision.

**How do I comment on this proposal?**

We invite all interested parties to give us their comment on this proposal.

**Any comments must be received no later than Thursday 3<sup>rd</sup> July 2025.**
