

**Local Safety Scheme - Heath Way**

Dear Resident/Occupier,

Birmingham City Council is committed to undertaking local safety schemes to make our roads safer for walking, wheeling and cycling. Schemes are selected using criteria outlined in the Birmingham Road Safety Strategy. We are currently consulting on a targeted safety scheme on Heath Way (between Darley Avenue and the roundabout at Buckland End/Heathland Avenue).

**We are proposing to:**

- Install 8 speed cushions outside of the following properties:
  - Properties no. 74 - 76 and opposite, outside properties no. 89 - 91
  - Property no. 90
  - Property no. 109
  - Property no.170 and opposite, outside property no.131
  - Properties no.190 - 192 and opposite, outside property no.155
  
- Install road hump warning signs on Heath Way outside of the following properties:
  - Properties no. 58 - 60
  - Property no.157
  
- Install a new pedestrian refuge island (a raised, protected space in the centre of the road allowing people to cross safely in two stages) on Heath Way, at the roundabout at Buckland End/Heathland Avenue. This will also include two bollards at both sides of the crossing points.

**Have your say:**

You can view the full details of the proposals and plans, and respond to an online survey at: <https://www.birminghambeheard.org.uk/bcc/heath-way>  
Or by scanning the QR code with your phone camera.

If you do not have access to the internet, you can request paper copies of the survey and plan by emailing [connected@birmingham.gov.uk](mailto:connected@birmingham.gov.uk) and mark for the attention of Uzayr Butt, or by post at Birmingham City Council, PO Box 16719, Birmingham B2 2GA.

The closing date for responses is **Sunday 22 March 2026**.

If you have any questions about the proposals or require any assistance with the consultation materials, please email [connected@birmingham.gov.uk](mailto:connected@birmingham.gov.uk)

Yours faithfully,

Transport Projects,  
Birmingham City Council
