Safer School Journeys – Acocks Green Primary School

Dear resident,

Safer School Journeys is a city-wide programme designed to make streets around schools safer, healthier and more welcoming for pupils, families and the wider community.

It helps schools tackle road safety concerns, improve local air quality, and encourage more children and families to walk, wheel and cycle.

Acocks Green Primary School has been selected for improvements as part of this programme.

We are proposing to introduce:

- Coloured road surfacing and road markings to make drivers aware they are entering an area with a school
- No waiting restrictions (double yellow lines) to improve access and safety
- Bollards to stop vehicles parking on pavements
- Improvements outside of the school to improve the look and feel of the area, which could include benches, cycle stands, trees and planters

These improvements will help reduce road danger, improve air quality, and create a safer, healthier, more pleasant environment for everyone.

We would be grateful if you could take a few minutes to complete the online survey and share your ideas. **The survey closes on: Friday 30 October 2026**
