**Safer School Journeys – Hall Green Infant School**

Dear resident,

Safer School Journeys is a city-wide programme designed to make streets around schools safer, healthier and more welcoming for pupils, families and the wider community.

It helps schools tackle road safety concerns, improve local air quality, and encourage more children and families to walk, wheel and cycle.

Hall Green Infant School has been selected for improvements as part of this programme.

We are proposing to introduce:

- A raised crossing point to improve safety for people walking and wheeling
- Coloured road surfacing and road markings to make drivers aware they are entering an area with a school

These improvements will help reduce road danger, improve air quality, and create a safer, healthier, more pleasant environment for everyone.

We would be grateful if you could take a few minutes to complete the online survey and share your ideas. **The survey closes on: Friday 30 October 2026**
