Safer School Journeys – Robin Hood Academy

Dear resident,

Safer School Journeys is a city-wide programme designed to make streets around schools safer, healthier and more welcoming for pupils, families and the wider community.

It helps schools tackle road safety concerns, improve local air quality, and encourage more children and families to walk, wheel and cycle.

Robin Hood Academy has been selected for improvements as part of this programme.

We are proposing to introduce:

- Safer and easier places for people to cross by:
 - Making junctions narrower and adding raised crossings at Pitmaston Road / Arkley Road and Pitmaston Road / Hazelville Road / Wellfield Road.
 - Raising the existing crossing outside the school entrance.
- Coloured road surfacing to make drivers aware they are entering an area with a school.
- Repainting of existing speed cushions and School Keep Clear markings to make them more visible.
- Moving the bus stop to help reduce congestion at busy times.
- Pavement improvements outside the school with potential for benches, planting and cycle parking

These improvements will help reduce road danger, improve air quality, and create a safer, healthier, more pleasant environment for everyone.

We would be grateful if you could take a few minutes to complete the online survey and share your ideas. **The survey closes on: Friday 30 October 2026**
