

Proposed new route map »

1. Connection to existing cycle paths through Lancaster Circus subway.
2. New Town Row: cyclists cross using existing Toucan crossing.

Section A

Two-way cycle-track, segregated from pedestrians and traffic on the west side of New Town Row.

3. New Town Row/Middleway: minor junction alterations to provide a dedicated two-way cycle track across the junction.

Section B

Two-way segregated cycle track created from the existing verge area.

4. Milton Street: new cycle zebra crossing and narrowing of side street.
5. Barton Arms junction: minor junction alterations to provide a dedicated two-way cycle track across the junction.
6. Lozells Road: alteration to existing traffic signal crossing to provide an adjacent cycle track crossing.
7. Heathfield Road/Trinity Road: connection to existing on-road cycle route.

We will consult on details of the route to the north of the junction with Trinity Road at a later date.
