

Sheepcote Street (east)

Notes:

- 1) The Sheepcote Street (east) loading bay was constructed by the Left Bank development and will be formalised, and incorporated into, these proposals. Proposed 20mins no return within 1 hour loading time
- 2) The Sheepcote Street (east) eastern channel was amended by the Metro works and has some capacity for proposed 24hr taxi rank facilities without blocking traffic
- 3) Other lengths of this section of Sheepcote Street (east), that are not part of the Red Route, to be no waiting / loading at any time to prevent obstruction by parked vehicles
