Objection NATTRAN/WM/S247/3752

Stopped Highways

Please note my objection to the proposed proposal to stop up highways (1) Peddimore Lane and (2) Wishaw Lane; details as follows.

1. Peddimore Lane and Wishaw Lane are popular cycle routes and key lanes to gaining access to the local Public Rights Of Way (PRoW) as detailed on The Definitive Map of the public footpaths in Sutton Coldfield Borough together with the Survey Of Public Paths and Statement Accompanying the Definitive Map for Sutton Coldfield Borough.

2. Peddimore Lane, incorporates, PROW known as SC23 F.P. C.R.F (Cart road and footpath) The public footpath SC23 F.P. and C.R.F. is the access through to SC22 F.P. and SC15 F.P..

These ProW should be maintained and remain accessible to the public.

3. Wishaw Lane, incorporates PROW SC18 F.P. and SC19 F.P. along the proposed stopped route. SC18 & SC19 F.P.'s link up with SC23 F.P. SC24 F.P. and SC26 F.P. SC26 F.P. leads directly to the Birmingham and Fazely canal network and very popular for both walkers and cyclists. These PROW should be maintained and remain accessible to the public.

4. All the above mentioned PROW link up with the extensive PROW network in North Warwickshire.

The Public Footpath network in Sutton Coldfield as elsewhere are under pressure from a lack of investment, developments and a determined effort by local landowners to disguise these ancient rights of way by signage, barriers and lack of maintenance so to deny the public access from walking and enjoying the public rights of way paths.

Please allow us the public to continue to enjoy what is left of our local rights of way,
thank you.

Mr Jack Jennings, 14 RectoryPark Avenue, Sutton Coldfield, B75 7BN
