

Sprint Phase 2

A45 Coventry Road from Swan Island to Bordesley Circus

We plan to carry out further bus priority improvements between Swan Island and Bordesley Circus as part of Sprint Phase 2 with the installation of a further enhanced shelter at Broadyates Road.

To Birmingham
City Centre

1 Poets Corner to Bordesley Circus

We propose extending the bus lanes that were installed in Phase 1 between Poets Corner and Bordesley Circus by reallocating existing space on the highway. This will not require any additional construction work.

Although queuing at the junctions may be longer at busy times, there will be limited impact on car journey times.

2 Swan Island to Heybarnes Circus

We propose further bus lane extensions both east and westbound from Heybarnes Circus with an extension of the bus lane on the eastbound approach to Swan Island by reallocating existing space on the highway. Other than changes to road markings and installing new signage, no additional construction work will be required.

Bus Lane Extensions

Eastbound
Applegreen Garage to pedestrian crossing
Heybarnes Circus to Deakins Road
Henry Road to Swan Island

Westbound
Ada Road to Redhill Road
Peugeot Garage to Lawden Road
