Yes

If you selected no or not sure to this question please tell us why?:

From my experience I have to say, I have been working in the UK for many years, and I just lost my job because of Covid-19 and I received support at SIFA and BCC provided me accommodation. I am also preparing new documents so I will be able to work, apply for Settled Status etc.

5 Do you agree with our universal level approach and actions for preventing rough sleeping?

Yes

If you selected no or not sure to this question please tell us why? :

I see more help on the street, it's much easier to receive food or some advice from people. Sometimes you can receive even clothes. Because SIFA works with Embassies and other agencies it was much easier for me to apply for a passport. Also, BCC is based at SIFA too, so I received accommodation in the same day and because of it, I wasn't rough sleeping.

6 Do you agree with our targeted actions and approach to preventing rough sleeping?

Yes

If you selected no or not sure to this question, please tell us why?:

I really appreciate the support workers and full of help they provided. Especially at SIFA, when they have bilingual ones.

7 Do you agree with our rough sleeping crisis response approach and actions?

Yes

If you selected no or not sure, please tell us why?:

I remember during the March and April all homeless people disappeared from the City Centre. All of them were in some accommodation. I was so impressed. Also, the people who were no access to public funds.

8 Do you agree with the approach to rough sleeping recovery and additional actions?

Yes

If you selected no or not sure, please tell us why?:

I received a lot of questions during my accommodation process about my GP, dentist, and additional support that I required. I was really grateful but didn't need other different services.

9 Do you agree with the approach and priority actions for helping people to move-on from rough sleeping?

Yes

If you selected no or not sure, please tell us why?:

Honestly, I think if somebody wants to change his life he should come to SIFA because it's the easiest way to receive support. You have to remember that all depends on people as well. The client has to be responsible and motivated to change the circumstances that they are.
